IS ANYTHING ANY BETTER
because you have a house? It does not make any difference where you purchase an article if that article is the best that money can purchase? Is it not better to spend your money at home where you make it and thus add to the general prosperity of your home? There is no optical office or laboratory in any eastern city better equipped to do first-class work than I have here in El Paso. There are few offices there that have their head man who has had 25 years experience—14 years in New York—in fitting eyes and making glasses.

WHAT IS VALUE
OF HONEYMOON?
Suit Filed Because Bliss of Trip Is Disturbed by Loss of Trunk.
Cleveland, O., Dec. 30.—What is cash value of honeymoon bliss? This question is to be decided in the local courts as a result of a suit for \$507 damages filed against the proprietor of a hotel today by Mrs. Laura Richi, of Washington, D. C.
In the list of damages is one reading: "For time lost from honeymoon, seven days, \$50."
A lost trunk caused the suit. When Mr. and Mrs. Richi left the hotel on their honeymoon, the porter switched trunks and they received a case of samples. The honeymoon was hastily abandoned and they returned to Cleveland in search of their own trunk, but were unable to find it.

The postoffice is located in the former store and part of \$50 taken there in postoffice funds. From Meek & Co., \$120 was taken. The crackmen used nitro glycerine. The explosion awoke no one and the robbery was not discovered until this morning.

THREE MEN STILL
UNDER SLAG AT
THE SMELTER
Two Men Who Were Missing Have Appeared and Are Accounted For.
Only three men are supposed now to be under the slag near the El Paso smelter, which was wrecked by the explosion Wednesday. They are M. Reyes, Juan Talamantes and Francisco Reyes. Jose Ruiz, who was thought to have been in tunnel No. 2 with these men, has turned up safe. He was checked off under another name, but now admits that he was on the time keepers roll as Jose Ruiz. Another man, who was supposed to have been in the pit when the explosion came, was accounted for today, when at 2 p. m. Epifanio Martinez, who it was supposed was in tunnel No. 2 at the time of the explosion, was seen at the smelter, and stated that at the time the explosion occurred, he was not in the tunnel but was on the outside and ran away, and had been around town ever since. Hearing that he was supposed to have been killed, he reported to the South-western office at the smelter.

NO MORE BODIES.
Day and night the big steam shovel has been piling its way into the slag pile, and after ton of the stuff has been taken away from the tunnel, but no more bodies have been found. As each shovelful has been removed more of the slag has sifted down from the top of the pile and interfered with the progress of the work.
The men are dead. That is a certainty. No bodies may be recovered and they may not. Perhaps some pieces of their bodies may be found when the tunnel is opened up so that access can be had to it, but it is believed that the bodies have been blown in the same direction and the dismembered bodies scattered in the slag.
Take Out Powder.
Now work must cease for several days in order that the powder can be withdrawn.
G. F. Hawks, general superintendent of the El Paso & Southwestern system, stated that unless the bodies are found before 5 o'clock this evening, the search will have to be discontinued until after the charges of powder have been drawn from tunnels 1, 3 and 4, owing to the fact that the steam shovel is getting so close to the charges of powder in tunnels 1 and 2. It is not considered safe to prosecute the search any further until after the powder has been drawn. This will probably take at least four days. After that, the search will be continued until the bodies are either found or the officials are satisfied that it will be impossible to do so.
"In removing the powder from tunnels 1, 3 and 4, every precaution will be taken to prevent an accident," he said. "A crew of experienced powder men has been imported from the Bisbee mines to remove the powder, and we do not anticipate any trouble whatever, but while this work is going on, only those who are in charge of it will be permitted on the premises."
"If we have to give up the search for the missing men, it will be regretted very much, but in the interest of the safety of the residents and employees at the smelter, it is considered advisable to pursue this course."

COUNT POOR FARM
RECOMMENDED BY
GRAND JURY
Improved Sanitary Conditions at County Hospital and Jail Also Urged.
Recommending the acquisition of a county poor farm and hospital, but in the meantime, improvement in sanitary conditions at the county jail, the grand jury which has been in session the past two months reported to Judge Harper of the 24th district court Friday morning and adjourned Friday morning number 13.
In recommending the purchase of a county poor farm, it is recited in the report that the county is at present paying \$100 per month rent on the county hospital; that that amount will pay 6 percent interest on \$30,000, and that the county hospital will soon have to be enlarged. Mention is also made that El Paso county is forced to care for large number of indigent sick who are shipped to this city and who are dependent on charity.
Jail Improvements Urged.
The grand jury report also recites that the county jail is in a deplorable condition and that the recommendation that it be improved. The report recites that the crazy cell should be padded; that gates should be placed in the boiler room to prevent the escape of prisoners; that the cement flooring in the old part of the jail should be repainted and that the heat be turned on until 8:30 p. m., as it is said the cells become cold before retiring time. 5 o'clock. The purchase of a large kettle is also recommended for the boiling of blankets taken from the cells.
Thirty-One True Bills.
The grand jury report also recites that during the session of the body, it has investigated 33 propositions and returned 31 true bills.
The report is signed by John Harper, foreman. The other members of the body include E. Colles, D. M. Wingo, E. Moye, John Sorenson, G. P. Putnam, W. L. Gaines, W. H. Rattenbury, E. A. Shelton, C. Harvie, Henry Pfaff and W. E. Arnold.

INDICTED BANKER
TAKES DEADLY DRUG
Robin Collapses When Taken to Court—Physicians Say He Took Hyoscin.
New York, N. Y., Dec. 30.—John G. Robin, indicted for embezzlement in connection with the recent suspension of the Northern bank completely collapsed this morning when brought to the criminal courts' building, where he is to be arraigned. Physicians said he took one-tenth of a grain of hyoscin, a deadly drug. He would not talk when efforts were made to revive him.
It took the grand jury just an hour yesterday to indict Robin on a charge of the larceny of \$90,000 from the Washington Savings bank, of which he was president.
Robin was immediately placed under arrest at the home of his sister, Dr. Louise Robinowitch.
Technically Robin is insane. The order of commitment signed by justice Amend, at the request of Dr. Robinowitch, and on the certification of three other physicians, still stands, although the private sanatorium to which Robin was taken refused to receive him.
"This lunacy finding complicates the case," said district attorney Whitman. "If Mr. Robin would consent to waiving his insanity, the case would be greatly simplified."
William Travers Jerome, who has been retained by Robin, made his attitude toward this request plain.
"If it appears he is sufficiently able to appear in court, he can be brought here to answer the indictment," he said. "He is now a ward of the supreme court. If he is found responsible, just what course is wise to pursue is left to subsequent determination. His person is secure."

ALLEGED FAKE BILL
FOUND ON PRISONER
Delgadillo Charged With Vagrancy—Witnesses Held in Jail With Him.
Tomas Delgadillo, who had, it is said, a fake \$100 bill in his possession when he was arrested Thursday night, will be arraigned in police court Friday afternoon on a charge of vagrancy. Jose Lopez, who had \$40 gold dollars; Valentin Cuaron, who had \$50, and Golberto Alvarez, who had \$37 and a watch, will appear against the man, as all were placed in jail.
According to Lopez, Delgadillo asked his help in robbing the two other men. Lopez says he refused and a fight ensued. When officer Duran arrived, Delgadillo insisted Cuaron and Alvarez had had a fight.

THE JANUARY COURT
TERM OPENS MONDAY

In county court, the first week will be devoted to criminal cases. The second week will be given over to the hearing of non-jury cases and the jury cases will obtain hearings the third week.
